The mission of Early Learning Division is to support all of Oregon's young children and families to learn and thrive. We value equity, making a positive impact for children and families, dedication, integrity and collective wisdom to benefit Oregon children and families.

Oregon Early Learning Division | Homepage

Supervised learning is the machine learning task of learning a function that maps an input to an output based on example input-output pairs. It infers a function from labeled training data consisting of a set of training examples. In supervised learning, each example is a pair consisting of an input object (typically a vector) and a desired output value (also called the supervisory signal).
